

# ASSEMBLY INSTRUCTIONS for the BASKET BOOSTER™ KIT

## Parts Reference

Your Kit will come assembled with two parts shown above

Repeat Steps 1-3 to assemble the second Star

Note: Keep the Short Tube in both the Stars

**4**

Remove the Short Tube from **one** of the Stars and discard

**5**

Assemble both of the Stars onto the remaining Short Tube to create the 8 legged Star (The Star's Pins pointed ends point towards each other)

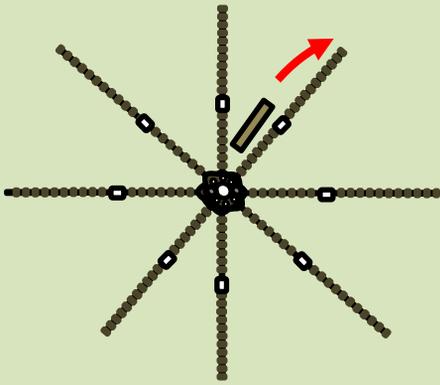

**6**

Secure the Stars together by inserting two Cable Ties through the Small Holes that are opposite each other on the Legs. Wrap the Cable Tie loop to the outer edge and not through the large center hole. Connect and trim the ends of the Cable Ties as needed. (Note: The correct way to connect the Cable Tie-See *Below*)

**Connecting the Cable Tie Loop**

**Insert on flat side**

7

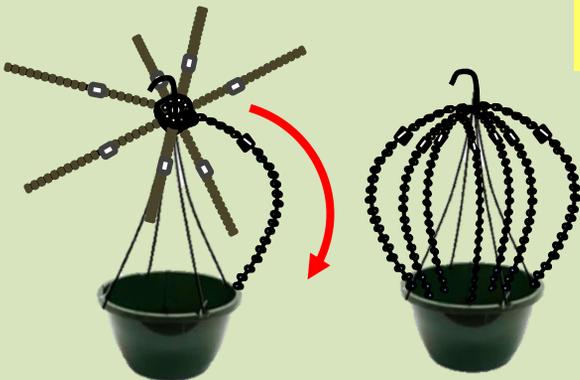

Remove and discard the Short Tube from the Stars, plant your pot if you haven't already.

8

Slide the Star's center hole over the hook on a pre-planted basket (using a wire hanger)

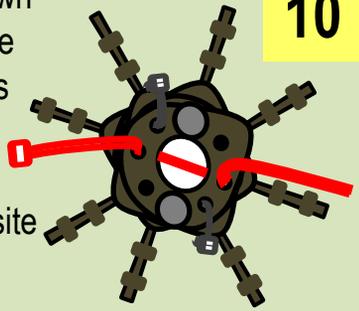

9

Insert the trellis Legs ends deep into the soil around the inside of the pot

10

Thread Cable Tie down through the open hole in the top of the trellis (as shown), cross the bottom and back up through the opposite open hole

Push the top of the trellis down to expose the wire (or chain) hanger strands through the hole at the top.

Connect loose end of Cable Tie under the hook. Trim the end of the Cable Tie as needed.

11

Train your planted vine to wrap around the trellis Legs. Water and Enjoy!  
(Optional solar light strings are available and purchased separately) **Patent Pending**
